

PRP Management Conference

MAY 2023

Lake Pontchartrain Basin Restoration Program (PRP) Management Conference

- ∅ Clean Water Act Section 121 33 U.S.C. § 1273 requires PRP to have a **Management Conference**, aligned with 33 U.S.C. § 1330 National Estuary Program (NEP).
- ∅ EPA provides technical assistance and supports the activities of the Management Conference

What is a management conference and what is its purpose?

A Management Conference (MC) consists of diverse stakeholders and uses a collaborative, consensus-building approach to implement the Comprehensive Conservation Management Plan (CCMP).

Members of the MC are active participants in the CCMP development and implementation

Members of conference

EPA
Representative

State, interstate,
or regional
